<p>22 Evolution and aggression</p> <p>Evaluating evolutionary theory to aggression.</p>		<p>Big question: is aggression human nature?</p> <p>Explanation: we evaluate theories in order to decide if we should believe them.</p>	<p>Jigsaw activity: evaluation of the evolutionary view of aggression. 10 mins expert groups, 20 mins jigsaw groups.</p>	<p>Free recall test (write a mini essay, continuous prose & paragraphs).</p>	<p>To what extent do you believe the evolutionary explanation of aggression we learned last lesson? Discuss responses with them. It's likely that their justifications rest on either surface plausibility or aren't actually a justification, more a restatement of the theory. Point his out.</p>
